

Welcome to the  
**2<sup>nd</sup> International Workshop on OMNeT++**  
(OMNeT++ 2009)

- 08<sup>45</sup> Welcome
- 08<sup>55</sup> Session 1
- 10<sup>30</sup> Session 2
- 12<sup>00</sup> Panel
- 12<sup>30</sup> Lunch
- 14<sup>00</sup> Posters
- 16<sup>15</sup> Session 3
- 18<sup>00</sup> Tutorial

# The 2<sup>nd</sup> International Workshop on OMNeT++

- OMNeT++ 2008:
  - Lots of submissions from a dedicated community
- OMNeT++ 2009:
  - Community exhausted?
  - Not at all!
  - **31 submissions**  
(last year: 33)

# The 2<sup>nd</sup> International Workshop on OMNeT++

- Increased international impact  
Community grows steadily
- Newly submitting countries:
  - Australia
  - United States
  - Cyprus
  - New Zealand
  - France
  - Italy
  - Greece

# The 2<sup>nd</sup> International Workshop on OMNeT++

- Very dedicated team of reviewers
- High quality of submissions
  - 29 reviews
  - 11 accepted (38%)
  - 8 posters (28%)
  - 10 rejections (34%)
  - 66% acceptance rate

First Session:

## Integrating Real-World Systems

VirtualMesh: An Emulation Framework for Wireless Mesh Networks in OMNeT++

Trace-driven Co-simulation of High-Performance Computing Systems using OMNeT++

Exchangeable, Application-Independent Load Balancing for P2P Simulation Frameworks
